RIX M. ROBINSON ANNOUNCES HIS PLANS

CANDIDATE FOR MAYOR MAKES PLAIN HIS VIEWS ON MUNICI- PAL MATTERS.

Rix M. Robinson, republican candidate for mayor, has issued the following platform or declaration of principles:

Declaration of Rix M. Robinson.
To The People of Pensacola:
In compliance with the request of many friends I publish this card:

I am a candidate for Mayor. A long story might be made of it, but I am inclined to think that only a few words are necessary. I am in favor of—

The enforcement of the laws.
The economical and systematic administration of the City Government.

The bonding of the city for \$500,000 to \$700,000 upon the best terms and as quickly as possible, to be used in paving the streets, constructing sewers, building a city hall, improving the parks, AND IN BUILDING A CITY WATER WORKS PLANT AND SYSTEM, provided the present company cannot be forced under the law to pro-

vide an adequate supply of water for all public and private purposes, at as low a rate as the average for a city of this size. This means municipal ownership unless private enterprise cannot or will not meet the just demands of the people.

This is essentially a business situation that can easily be met by the exercise of energy, business principles and common sense.

I seriously and earnestly ask the vote and support of the good citizens of Pensacola.

Respectfully,

RIX M. ROBINSON.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of Piles. "I can truthfully say," writes Harry Colson, of Masonville, Ia., "that for Blind, Bleeding, Itching and Protruding Piles Bucklen's Arnica Salve, is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

A SAFE MAN ON ANY KIND
OF A PROPOSITION. VOTE
FOR RIX M. ROBINSON FOR
MAYOR.

SHINE MEETING ANOTHER FROST

Although there was quite a large crowd present at the Anti-Primary meeting last night on West Garden street, the gathering was in many respects similar to those previously held by this faction. It was utterly lacking in enthusiasm, and the speaker received but little applause, except from a select few.

Wyer's band followed by a large number of persons marched up Palafox street early in the evening, and after several pieces had been played, Dr. Frank G. Renshaw called the meeting to order. He apologized for the small crowd present, compared with that of the Primary candidates, giving as an excuse that many had been drawn there to hear the speech of Senator Blount.

Cade E. Shackelford. He then introduced Cade Shackelford. Mr. Shackelford made about the same speech as before, except to add that a so-called union man had stated at a recent meeting that he endorsed every word in the Bliss book. He then referred to another union man, who, he said, had advocated three weeks ago principles directly opposite to those he now advocates, and who had also spoken from the Primary stand. He attacked the Democracy of Dr. W. E. Anderson and J. Emmet Wolfe. His speech was not received with any amount of applause.

Mike O'Leary. The next speaker was Mike O'Leary, who, as usual, caused a smile to spread over the countenances of the audience when he became witty. He said the supporters of Bliss were ashamed to walk upon the streets with him. Bliss, he said, had never had any money himself, and consequently had no ability to handle the money of the city.

A. E. Zellus said he was a candidate from precinct 15 for alderman, and everybody would be glad if they voted for him.

Jas. M. Johnson was next introduced. He made quite a lengthy talk upon the labor record of Mr. Bliss, and stated that he (Johnson) had been charged with being in the camp of the enemy. He said if necessary to defeat such a man as Bliss that he would be glad to turn to the negro. He read letters from the manager of the Labor Advocate of Birmingham, denouncing Bliss, and also spoke upon the position of Jas. H. Leath, reference being made to him in the letters from Birmingham.

Geo. T. Morgan then appeared. He heaped abuse upon Bliss and was very bitter in his entire speech. He said that this was his last appearance as a public speaker; that he held over as city comptroller for two more years, and when that time expired he would never again seek public office. He then proceeded to draw a picture of the two candidates. He styled Mr. Bliss as a grafter, a bunco man, and an adherent of that damnable doctrine, Mormonism. If, he said, he was not a polygamist he was false to the vows of his church. He then proceeded to laud Mr. Shine as about the only Democrat, one who was born and reared in Leon county and who was a credit to Democracy.

Regarding the negro vote he said that every mayor from Anderson down to Welles had been elected by the negroes. After styling J. E. Wolfe and Dr. W. E. Anderson as bolters from the party he concluded by saying that the city should have a respectable man for mayor, be he Republican, Independent or Democrat.

A. Greenhut spoke shortly, stating that if the voters preferred Captain Hays and thought the latter a better man than he, to vote for him, but if they thought that he (Mr. Greenhut) was more capable to represent them, to cast their vote for him.

R. Pope Reese delivered one of his customary addresses, but received but little applause.

Candidate Shine then appeared. He again insisted that he was a Democrat, and had always voted with the Democrats, and that the cry of White supremacy by the opposition was only done to catch votes. Mr. Shine was about the only speaker who received any amount of applause. He appealed to the voters to study the situation calmly and cast their votes for the best man. Regarding the report that he was to withdraw from the race in favor of Mr. Robinson, the Republican, he branded it as absolutely false. He was confident of being elected, as he believed he was in the lead. He was presented with a number of bouquets.

Mayor T. E. Welles who leaves the mayor's chair Thursday then appeared. He was greeted with some applause, and began on Bliss. Regarding the waterworks scheme of Mr. Bliss, the mayor said that Bliss never had money enough to dig a well for himself, let alone to establish a waterworks system. He predicted a glorious victory for Shine. Relative to the statement that he had been offered the governorship of Florida, the mayor stated that the report of his speech as it appeared in The Journal was correct, but that later an editorial appeared which misrepresented matters. He said that there was quite a difference in saying that he had an opportunity of entering the race for governor and being offered the governorship, and that the former was his statement.

The entire meeting was very orderly and quiet, no one interrupting the speakers, who did not speak upon issues, but abused the opposing candidates.

The negroes were present in large numbers, as was to have been expected, and this probably prevented a number of white people from attending.

A CROWNING ACHIEVEMENT IN Purity

We keep the BEER pure instead of the AIR

As every one knows, beer is a saccharine product, and when exposed, germs literally swarm to it, thrive, and multiply in millions. This causes fermentation in the stomach and makes you bilious. Just here we will state that germ infection is an absolute impossibility in

AMERICAN QUEEN

Cooling is the vital point, and this is how it should be done: We use a system of double piping, WHERE THE BEER FLOWS THROUGH INNER PIPES, SURROUNDED BY LARGE WATER PIPES. It is then cooled in ammonia by the very same process. No air touches it. It is protected even from the so-called "filtered" air, and this is your sole safeguard. Hundreds of diseases are traceable to a germ basis, and perhaps to germ-laden beer.

How is the beer cooled which you drink? Compare it with our methods for your stomach's sake.
